

TECNOMAR VELVET 120 - BLUE JAY

36.50m (120'), CAPACITY: 12

TECNOMAR VELVET 120 - BLUE JAY

Tecnomar Velvet 120 - Blue Jay

Designed by Luca Dini, BLUE JAY was built in GRP by Italian yard Tecnomar to RINA class and delivered in 2009 as one of the yard's Velvet 36 series. Spanning three levels and 120ft in length, the Tecnomar Velvet 36 is truly a floating palace that includes a 'roof terrace' to lounge on, its very own cinema and games room, and a lower deck that holds the master bedroom with his and hers ensuite bathrooms, two VIP and two double cabins each with Pullman berths.

A spacious living is located on the main deck. The fore, fly and aft are equipped with sunbeds that invite to chill. Decorated with modern art, plush carpets, statement wallpaper and marble elements, BLUE JAY combines luxury and sophistication in a blissful set-up.

Blue Jay had a big refit in 2017/2018; she is one of the most sought after Ibiza yachts.
